

Winter Break Assignment

Dear students,

The Math department has decided to assign i-Ready lessons for Extra Credit during the Winter Break.

To be awarded extra credit, you need to log into i-Ready during the break and complete and pass 3 lessons. Lessons completed/passed outside this window will not count.

You will not be penalized for not completing this extra credit assignment. An X will appear in your gradebook for this assignment (meaning that your overall grade will not be affected).

Have a safe and restful Winter Break.
