ADVANTAGES FOR 8TH GRADERS

Financial Benefits – Classes are offered as part of our middle school curriculum. Students are able to attend college courses free of charge.

Time Saved – The time you dedicate in dual enrollment classes directly contributes to a college degree, allowing you to earn dual credits at the same time. Students may also graduate early from college or take lighter course loads.

Academic Benefits – Experience the dynamics of a college classroom before actually entering college.

Convenience – Dual enrollment courses are offered here at Nautilus Middle School. You can become familiar with the work of a college course.
